

Gazebos

The Heart of Craftsmanship

QUALITY BUILT *Gazebos*

ADD STYLE TO YOUR OUTDOOR LIVING SPACE

Welcome to Outdoor Living

From coast to coast, gazebos grace village greens, the backyards of country farmhouses, and the gardens of grand estates. They remind us of a simpler time – an era when we enjoyed the pleasures of life more and worried a lot less.

Explore our handcrafted gazebos and you'll feel the difference. Just one look and you'll be transported back in time. Close your eyes and you might hear the sounds of a brass band playing from gazebo steps on a sunny 4th of July, or catch a whiff of homemade apple pie cooling on a nearby window sill. Bring one of these classic gazebos home today and rediscover outdoor living.

16' OCTAGON VINYL GAZEBO
Country Style, Pagoda Roof, Cupola,
No Floor & Superior Posts

Your family will thank you.

KEEPING GREEN!

The awareness to preserve our environment is an important element of our company. As a company, we employ various techniques to keep green. Our gazebos are handcrafted in an environmentally friendly atmosphere. Each craftsman is responsible to hand-select each board and utilize the maximum value of that board. By being vigilant in the selection process, we maximize the value of our natural materials.

In addition to keeping green, we use many recycled products. Our composite decking, rubber slate shingles, and vinyl products are made from 50-80% recycled material. We also collect our scrap and send it back to be recycled again.

In 2010 we installed a solar system on building one, and followed in 2013 with a second solar system on building two. With these two systems combined, we have a large 200kw system that produces enough energy to supply 75% of our current electrical requirements.

As a company, we are conscientious of our impact on the environment. Keeping green is more than just adding solar panels and recycling. It is also part of the values and attitude embedded in our company.

WOOD QUALITY FEATURES

Our standard wood gazebos are made of pressure-treated Southern Yellow Pine. Our heavy-duty floor consists of double 2x6 joists and solid 2x6 wood decking boards. The 4x4 posts are laminated as standard, and support 36" high hand railings. They come with arched corner braces and 6" top spindles. The roof is built with double rafters, and sheeted with beautiful 1x6 tongue & groove boards, covered with roofing paper and architectural asphalt shingles.

ENDURANCE

Extra Strong-2x6 Decking

2x6 decking means strong construction, plus our hot-dipped galvanized nails are designed to stay seated for a lifetime.

STABILITY

Laminated Posts

Our laminated posts resist checking and add strength while giving your gazebo a custom look.

SUPPORT

Heavy-Duty Railing

The railings on your gazebo are built to last! We utilize heavy-duty lumber to resist wear and vandalism.

QUALITY

#1 Premium Grade Lumber

We use only the highest quality lumber for your gazebo. We mill every piece in-house to reduce splinters and rough edges for a smooth finish and better feel.

The Heart of Craftsmanship

CRAFTSMANSHIP

At the heart of craftsmanship lies a strong desire to create something beautiful that will deliver a long-lasting satisfaction for the recipient. There is a deep feeling of gratification that comes from knowing that your efforts have produced a quality product that will be used and enjoyed for years to come.

Many of our team members grew up on Amish farms where they learned the value of hard work and dedication. Our entire team is committed to each project and pays close attention to every detail.

VINYL QUALITY FEATURES

Our standard vinyl gazebos are made of pressure-treated Southern Yellow Pine covered with vinyl. Our heavy-duty floor consists of double 2x6 joists and 1" thick maintenance-free composite decking boards. The posts are constructed of a white vinyl 4x4 sleeve with a solid wood core. They support 36" high rails as standard that come with arched corner braces and 6" top spindles. The roof is built with double rafters, and sheeted with beautiful 1x6 tongue & groove boards covered with roofing paper and architectural asphalt shingles. The underside of the roof is coated with a rich mahogany stain for a beautiful hardwood appearance.

ENDURANCE

Reinforced Vinyl Posts

These posts give the structure the rigidity needed to weather all the seasons.

BEAUTY

Seamless Corner Caps

Give the base of your gazebo a seamless look and high-quality finish.

STABILITY

9" Stabilizing Screws

This hidden but very important part ties the roof and braces together for added lateral strength.

MAINTENANCE-FREE

1" Thick Composite Decking

Composite decking means there's no need to paint or stain your decking. Long-lasting color matched composite screws hold your decking in place.

Vinyl Octagon Gazebos

 Outdoor Living...

Octagons are the time-honored gazebo shape. This style gives you a classic look for comfortable living.

Few investments yield as many rewards as our handcrafted gazebos. The richest reward just may be how it brings your family closer together.

**Double 2"x6"
Floor Joists**

Helps prevent warping of joists and popping of floorboards. They allow for a better straight down fastening of the floorboard, giving your deck a stronger, longer lasting life.

2"x8" Top Plate

The compression ring ties the rafters and posts of your gazebo together for additional snow load capacity and wind resistances.

Give your family the very best by choosing the perfect gathering place.
Create moments that transform into lasting memories.

Vinyl Oval Gazebos

 Worry-Free Living...

Ovals provide a traditional look with the added benefit of a more spacious interior. Oval gazebos accommodate more guests with additional seating room.

Imagine a custom designed gazebo that fits the contours of your life and backyard. Our vinyl gazebos are designed for years of easy, worry-free enjoyment.

Stainless Steel Screws

Stainless steel screws help to maintain the long life of your gazebo and offer a finished appearance.

Double 2x4 Rafters

Our double rafters give your gazebo roof a heavy-duty load capacity and help prevent beam warping.

Whether you are hosting a dinner party or simply relaxing in the evening with your family, this gazebo is alluring to both friends and family.

Commercial Gazebos

STANDARD FEATURES

Our Commercial Gazebos are made similar to the rest of our gazebos, but offer some upgraded parts. Our heavy-duty floor consists of 2x6 joists. The 5x5 posts support the 36" high hand railing. They come with arched corner braces and 6" top spindles. The roof is built with 2x6 rafters and sheeted with beautiful 1x6 tongue and groove boards, covered with roofing paper, and architectural asphalt shingles.

10. OTHER FEATURES

Electrical Package

Your electrical package will include one outdoor switch, and one outdoor receptacle that has two outlets. (15 amp)

It also includes enough wire (14-2) to run from the base of the post to the top of the gazebo so you can add a light or ceiling fan. It also include a strip with a routed out groove to conceal the wire on the post.

You will need to have a certified electrician make all connections inside the boxes and to your home.

Extra Receptacle

Add additional receptacles to fit your needs.

Screens In Floor

Helps to keep the crawling bugs out.

Extra Screen Door

Add multiple entrance points.

Crown Moldings

11. ENGINEERING

Construction plans are certified by a licensed engineer in your state. Includes 3 sets of sealed drawings & 2 Calc Packets.

Gazebos are specifically designed to withstand high winds and snow loads. Conforms to IBC 2009, but not limited to. All 16' wide and over are built to engineered specs as standard.

12. ADDITIONAL OPTIONS

Spindles Above the Door

Continues a uniform look.

*Standard on units 16' wide and larger

6" Higher Posts

Creates a higher roof line.

Stationary Skids

4"x4" wooden runners under gazebo. Fastened permanently.

5"x5" Posts

Adds a heavier look.

*Standard on units 16' wide and larger

13. SELECT FULLY-ASSEMBLED OR KIT

Kits

You deserve the gazebo of your dreams. That's why we personalize your delivery and set-up options. For those who enjoy weekend do-it-yourself projects, our gazebos come in easy-to-assemble kit form. By purchasing a kit, you're able to assemble your gazebo virtually anywhere. High decks or densely wooded areas are not a problem. This flexibility allows you to use your imagination when choosing a location for your gazebo.

Fully-Assembled

Our quality-built, fully-assembled gazebos are perfect for customers who wish to have their gazebo delivered in an easy-to-reach area. We will deliver your gazebo with gentle care and sensitivity to your landscape. For more difficult terrains, our gazebos are strong enough to be craned in.

Testimonies

“We purchased this beautiful gazebo kit from Country Lane Gazebos. Your team answered all questions and sent samples so that we could choose stain color and shingles. The kit was shipped on time with easy to follow instructions, and the kit was complete. We couldn’t be more pleased with the outcome. Country Lane Gazebos is a great company to work with.”

~ Robert L.

“Flawless experience with Country Lane. Sales person was spectacular, attention to detail was perfect and install crew was amazing. Can’t say anything negative about this place. Perfectly run. Thanks again for a gazebo, this is great.”

~ Michael R.

“We looked at several companies and options for the unit we needed, and decided to go with Country Lane. We had quick response on questions and pricing and were happy with the overall purchase. The sign of a good company is what happens after the order is placed, and they excelled. The product was spot on with what we expected, and the quality, style and strength of the materials were beyond what we expected. Great job!”

~ Andy S.

“A FIRST class operation!!! Well designed product that goes together very smoothly. My neighbors and friends were very impressed and everyone wanted one!! Good going Country Lane!”

~ David W.

“I looked at at least three other companies for our kit. I chose Country Lane Gazebos because they had what I thought was the best balance of quality, price and responsive customer service. After receiving and installing our unit, I can definitely say that I STRONGLY recommend them! Great product, great installation instructions and a great price!”

~ Doug L.
